+44(0)20 7253 0523

or post to

CIRIA
Classic House
174-180 Old Street
London EC1V 9BP

Background

You are warmly invited to a Christmas special SAFESPUR networking evening in London. The event includes topical presentations and will feature the NDA presenting on improving relationships within their supply chain. Currently the NDA spends more than £2.8 billion, of which nearly half enters the supply chain at Tier 2 contractors and consultants. A significant percentage of this is in support of land quality and decommissioning activities.

Since May 2009, when the NDA Supply Chain Development strategy came into effect, the NDA and Site Licence Companies have been developing a Supply Chain Charter, aimed at fostering good working relations across their supply chain. By attending you will hear the Charters values, benefits and additionally gain the opportunity to directly engage and possibly influence its development.

There will also be presentations on the SAFEGROUNDS and SD:SPUR learning networks which focuses on the management of contaminated land and decommissioning wastes in the UK. You will hear the latest developments across the networks and how the supply chain can engage with the forthcoming programmes.

Why you should attend

Attendance is FREE for all SAFESPUR members* and includes complimentary drinks and nibbles.

**Places are limited so book now to avoid disappointment! All delegates will receive a complimentary CD of the SAFEGROUNDS documents.*

Programme

15.00 Registration, refreshments and networking

15.30 Welcome by chairman and regulatory update

Stephen Tromans QC,
ThirtyNine Essex Street

15.50 SAFEGROUNDS and SD:SPUR – where are they going next?

About CIRIA

CIRIA is a member-based, not-for-profit organisation which has, over the past 13 years, published extensively on contaminated land issues.

About SAFESPUR

This CIRIA forum provides:

- a forum to discuss and better understand technical and regulatory aspects on nuclear decommissioning projects
- up-to-date information from the NDA, government and regulators
- briefings on SAFEGROUNDS and SD:SPUR learning networks
- excellent business networking opportunities with the UK nuclear and defence supply chain, industry practitioners and client organisations
- continuing professional development for you and your staff.
