

SAFESPUR

A CIRIA Learning Network

An invitation to join

Sharing supplier good practice for nuclear and defence sites

Who are we?

The SAFESPUR Forum is a network specific for the supply chain working on contaminated land and decommissioning projects for the nuclear industry. Its main aim is to share supplier good practice for nuclear-licensed and defence sites.

What does SAFESPUR do?

The SAFESPUR Forum provides:

- a comprehensive series of workshops and events throughout the year
- free attendance for up to two delegates at any SAFESPUR event
- continuing professional development (all events are CPD accredited)
- access to event reports from past events to all members
- business networking opportunities.

SAFESPUR network benefits

By joining the SAFESPUR Forum you can:

- be kept up-to-date with the latest developments in nuclear decommissioning and waste management
- learn from key industry experts
- attend our programme of events including site tours
- benefit from networking opportunities with industry practitioners and client organisations (eg NDA, MoD, site license companies).

* Challenges in reducing the burden on the UK's national LLWR * Remediation on nuclear sites - the decision making process * Innovation on nuclear sites - decommissioning & remediation * SAFESPUR Christmas networking event * Sharing good practice in decommissioning & waste management * Land quality: Demonstration projects and delicensing * SD Spur: Materials management in nuclear decommissioning * Nuclear decommissioning: priorities & challenges * Nuclear decommissioning and the waste hierarchy * Nuclear intelligence update * Revised exemption orders * Use of crushed concrete * International reachback * Benefits from research and innovation * Site decommissioning case study and visit- (under development) *
